EXPERIENCE

Documentation Systems Coordinator & Consultant | Servicios Pantoja – Joliet, IL | Sept 2024–Present
- Built Excel-based tax documentation workflows with version control and automated validation.
- Developed systems for tracking client data and compliance with IRS retention policies.
- Coordinated internal handoff and ensured staff were trained and prepared to use documentation systems before departure.

Private Tutor - Math & Programming | Self-Employed - Remote | January 2022 - Present
- Create individualized learning plans and tutor homeschooled high school students in math and coding.
- Assist students in debugging, testing, and refining projects with clean code practices.
- Maintain consistent communication with families to monitor progress and support academic goals.

Project Manager & Developer (Capstone) | Levrum Data Technologies – Remote | Jan 2024–May 2024
- Led development of a Fire-EMS analytics platform, facilitating team communication and managing sprints.
- Scripted, narrated, and edited a client demo video to present project outcomes clearly and effectively. Watch Demo.
- Coordinated deliverables and ensured alignment between technical tasks and stakeholder goals.

Project Lead | AGAID Hackathon – Remote | Jan 2023
- Managed team workflows and deadlines for a predictive analytics project for the AgAID Institute Hackathon.
- Developed and presented the final product, highlighting project outcomes and efficiency improvements.

Caregiver (Full-Time) | Self-Employed - Southbridge, MA | 2013 - 2022
- Managed care, medical coordination, and household logists for a family member with a rare genetic pulmonary condition.

Research Lead & Data Management Coordinator (Internship) | MASSPIRG – Amherst, MA | Jan 2013 - May 2013
- Supervised 10-person data team for statewide policy campaign and maintained outreach database for campaign reporting.
- Conducted research and outreach strategy development using public data insights.
